Agreement on the Processing of Personal Data on behalf of a Controller (DPA) and detailed description of the product sheet

**NEW!**

# IMPORTANT INFORMATION REGARDING THE AGREEMENT ON THE PROCESSING OF PERSONAL DATA ON BEHALF OF A CONTROLLER (DPA)

**in connection with the entry into force of Regulation (EU) 2016/679 (General Data Protection Regulation/GDPR)**

Dear Customer,

When we process personal data provided by you on your behalf and in your capacity as the controller pursuant to the provisions of Regulation (EU) 2016/679 (General Data Protection Regulation/GDPR), we are your processor\* depending on the service agreed in the basic contract.

Even before comprehensive and binding data protection regulations have been in place for all enterprises. The new thing is that since legal force of the GDPR a contractual agreement between the controller (you) and the processor (us) has been required. Such agreement may be concluded both in writing and electronically. By means of this information letter we fulfil the obligation to enter into such an agreement.

Please find below specific product and service sheets of the APA Group entities disclosing both the types of data and the sub-processors which we use for performance of the basic contract concluded with you. The part that is relevant to you is to be understood as an integral part of the DPA to be concluded with you on the basis of the GDPR pursuant to Art. 28 GDPR.

The Agreement on the Processing of Personal Data on behalf of a Controller (DPA) applicable to the service/product agreed from time to time can be found at <https://www.apa.at/Site/Kontakt/Auftragsverarbeitung.de.html>.

That Agreement does not change the existing contractual relationship between you and APA in any way. By concluding the same we merely fulfil our mutual statutory obligations as laid down in the GDPR.

If you have any questions, please do not hesitate to contact our Data Protection Officer at [datenschutzbeauftragte@apa.at](mailto:datenschutzbeauftragte@apa.at).

\*According to the current provisions of the Austrian Data Protection Act [DSG] the term of processor [Auftragsverarbeiter] pursuant to the GDPR replaces the previous term of processor [Dienstleister] pursuant to the DSG.

APA Agreement on the Processing of Personal Data on behalf of a Controller (DPA):
